# IDEAL FOR LONG WORK DAYS

---

VERMUND has been manufacturing and developing office chairs since the 1960s, and VL17 is the latest addition to the family. Here, classic qualities such as ergonomics and sitting comfort go hand in hand with the latest developments in synchronous mechanisms and free movement. VL17 is equipped with a unique, two-part ALB backrest, which improves your lumbar and back support\*, thereby reducing tiredness and discomfort in the back. The chair is thus ideal for long working days, where variation in the sitting position is crucial to preventing or easing pain in the back.

VL17 can be adjusted so that it always matches the way you would like to sit. The chair's many possibilities, such as additional lumbar support and synchro tilt function that can be adapted to a specific body weight, ensure that the chair is always adjusted ergonomically correctly.

VL17 is an elegant and stylish chair with a chrome frame, which can be ordered with a wide selection of fabrics and leathers from quality Danish manufacturers. VL17 is supplied as standard with Swing fabric, which is woven from New Zealand wool and environmentally-friendly, recycled polyester. Swing has a geometric structure that gives it a lively, exciting expression and comes in 29 fresh colours.

## **A TRIBUTE TO VERMUND LARSEN**

VERMUND LARSEN A/S was established in 1935 in the northern part of Denmark. The company was founded by Mr. Vermund Larsen. Mr. Larsen passed away in 1970, but the company lives and works in his spirit and tradition.

Mr. Larsen was an interior architect by education and an entrepreneur by heart. He became one of the pioneers behind ergonomically correct office chairs, and he was passionate about design, form and function. This passion for creating beautiful products was an essential driver for him. Currently VERMUND thrives as a company, working with seating as a focus competence. The company is diversified in three business units, all with design, functionality and high-end quality as a common denominator.

VERMUND is the business unit caring for design furniture and is a tribute to Vermund Larsen. The chairs are all designed and manufactured in Denmark, upholding our tradition for handcraft and beautiful furniture.
